Food Security: Two Year Fast Facts on the U.S. Government's Work in Haiti

Agriculture and food security is one of the four priority sectors of U.S. Government (USG) development investment. The USG's Feed the Future initiative is supporting the Haitian government's priorities in agriculture, working to ensure sustainable growth in the agricultural sector in Government of Haiti (GOH)-prioritized fertile plains. The USG is working with farmers, farmer associations, and scientists to introduce new techniques and technologies, strengthen agricultural infrastructure along the whole value chain, and attract investments from private businesses—with an overall aim to improve livelihoods for more than 100,000 farmer households, corresponding to 8-10 percent of the rural population. This investment will not only lead to nutritional improvements in the population, but also improve the lives of farmers benefitting from increased crop yields and incomes.
